

MyGraph::delete_edge

```
graph LR; A[MyGraph::delete_edge] --> B[node::out_edges_begin]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'MyGraph::delete_edge'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'node::out_edges_begin'. Both boxes have a black border.

node::out_edges_begin
