

detection

```
graph BT; detection_t[detection_t] --> detection[detection]
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'detection'. The bottom box is gray with a black border and contains the text 'detection\_t'. A solid blue arrow points vertically from the top center of the 'detection\_t' box to the bottom center of the 'detection' box.

detection\_t
