

reset_rnn

```
graph LR; A[reset_rnn] --> B[reset_network_state]
```

A flow diagram showing a sequence of two operations. The first operation, 'reset_rnn', is contained within a gray rectangular box with a black border. A dark blue arrow points from the right side of this box to the left side of a second rectangular box. The second box is white with a black border and contains the text 'reset_network_state'.

reset_network_state
