

```
type_caster< value  
_and_holder >::load
```

```
graph LR; A["type_caster< value  
_and_holder >::load"] --> B["handle::ptr"]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text `type_caster< value_and_holder >::load`. A blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text `handle::ptr`.

```
handle::ptr
```
