

STAPLE_TRACKER::getColourMap

```
graph LR; A[STAPLE_TRACKER::getColourMap] --> B[mkdoc.d]; A --> C[nvinfer1::w];
```

The diagram illustrates a central node, 'STAPLE_TRACKER::getColourMap', which is highlighted with a grey background. Two blue arrows originate from the right side of this node, pointing to two separate white nodes on the right. The top arrow points to 'mkdoc.d', and the bottom arrow points to 'nvinfer1::w'. All nodes are rectangular and have black borders.

mkdoc.d

nvinfer1::w
