

```
type_caster< bool >  
::cast
```

```
graph LR; A["type_caster< bool >  
::cast"] --> B["handle::inc_ref"]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text `type_caster< bool >` on the first line and `::cast` on the second line. A dark blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text `handle::inc_ref`.

```
handle::inc_ref
```
